Subject. Application of Gandasi Gowda, Byadara-halli village, Channarayapatna Taluq, for the grant of 200 acres out of the Madalagere Amrithmahal Kaval without sale, for the purpose of building a new village.

—

In 1897 Gandasi Gowda applied for lands free out of the Madalagere Kaval, on which he proposed to build a new village. The Dy Comr., after Consulting the Survey Supdt, decided that the kaval should be broken up into

small numbers, which should be assessed and sold. Against this decision ~~Hard~~ Gandasi Gowda appealed to Govt in his Appeal Petn no. 2859 dated 27.5.1898.

Since this date he has been petitioning Govt more or less ~~continously~~ continually.

2) Two of these petitions, Nos 740 and 929, d. 27.9.98 and 8.11.98, were sent to the Dy Comr for report, according to the order of the 2nd Commissioner [Mr P.N. Krishna Moorty]

The Dy Comr reported that there was no good ground for granting the petition of Gandasi Gowda, whose object seemed to

Letter No $\frac{613}{S}$ d. 23.2.1899

be to make some illegal profit out of the transaction. The Dy Comr. in making these statements, relied upon the report of the Amildar.

Thereupon the 2nd Councillor ordered:- "Request the Dy Comr. to have the Petr. before him and ascertain all the facts which have a bearing on his request."

This was done in Govt. Proc. No 7070 d. 10.4.99. P778

3) In his letter d. 18 Oct. 1900 the Dy Comr. reported that he personally inspected the Kaval, and that 30 persons had agreed to build 30 houses and to take 408 acres of land for cultivation. He promised a further report on the receipt of certain details from the Amildar.

4/ This further report is now submitted in his letter No $\frac{237}{S}$ d. 18th Nov. 1901. It is based upon the report of the General Asst. Comr., to be found in the file. The formation of the new village has been taken in hand. 62 persons have agreed to build houses within 6 months, but all these applications cannot be considered bona fide. The Dy Comr. considers that 70ft × 100ft will be enough for a house and kitchal. As regards the extent of land to be granted gratis to each individual, the Dy Comr. states that it can be decided only after ascertaining the number of people who settle and the cattle they possess.

Suitable land ~~has~~ will also ~~been~~ be reserved as gomal.

As regards Gandasi Gowda's prayer, the Dy. Comr. is not in favour of granting it. Gandasi Gowda will be granted as much land as he is entitled to, as an individual settler.

H.D.
10/12/01

5) The only question before Govt. is whether application of Sandasa Gowda for the grant of 200 acres. In view of the facts stated by the Dy. Comr, Govt. Gowda may be informed that only as much land as an individual settler can advantageously

Sir,

With reference to official
Memorandum No 526 dated 21st
December 1910 and its enclosure
Reminder, calling for a report
as to whether there are any
grounds to grant special con-
sideration to Gaudas of
of Byadarahalli Village, in the
Channarayapatna Taluk, in the
matter of his prayer for a
grant without sale of 200 acres
of dry land out of the Amrut
Mahal Kaval at Hanabagere,

I

I have the honor to state
that the Amildar to whom a
reference was made on the sub
-ject reports that the petitioner
has no other grounds for claim
-ing any special consideration
than that other persons will
out-bid him if the lands are
sold in a public auction,
that there are neither good
many members in his family
nor are there sufficient heads
of cattle in his house and that
it is not desirable to encourage
him in his attempt to obtain
the lands gratis and then to sell
them to others.

From his statement be-
-fore the Amildar it is clear
that he has an elder brother
and his family consisting of
six souls is also paying only
a Kandayam of Rs 15-12-11 and
owning only ten heads of cattle

He

He states that several other persons of his profession have agreed to share in the 2 acres he has applied for and to build houses in the Village which he is going to found. He further adds that he and his Companions have not means to bid for the land and house sited in a public auction and that he has therefore applied for himself and his friends.

Such being the facts of the case if the petitioner & his friends ask each under the plea of poverty and founding a Village, for such an extent of land as he can manage to bring under cultivation then their cases may claim such Considerations as they deserve. To grant in favour of the petitioner & Comp 200 acres of land gratis on the mere ground that he is going

going to found a new Village and to allow him to distribute land among others as he pleases seem to me most undesirable lest he may take unfair advantage of the generosity of Government, and make illegal profit out of the affair.

Under the above circumstances I do not see any grounds to show special consideration to the petitioner as prayed for.

The Vernacular papers ending with Channayapatna Amildar's No. 811 dated 4-2-99 are herewith submitted for reference as also enclosure received with official Memorandum.

I have the honor to be,
Sir
Your most obedient Servant.

Sir,

With reference to Government Resolution
No: 7078 dated 10th April last, intimating
Petn 778
that the question of the grant of 200 acres
of clay lands out of the Madalgaon Amlut
Jandal Kural, in the Chemanagalore
Taluka, applied for by one Gandaji
Ranchodji of Byadenalli, should be
investigated by me duly ascertaining
the facts in the presence of the applicant
and subsequent reminders calling for
early report in the matter, I have the

lands to which that survey applies
: Seeing by the said survey that
I inspected the land and made
enquiries of the village Chiefs if
they would like any land in
the land for cultivation. Only a few
of them having attended, I instructed
the Surveyor to prepare a list of persons
who are likely to be in need of land
in the land and also a sketch
plan showing roads, tracks, existing
houses etc. and the land to be given out for cultivation.

2 —— From the list since received,
it appears that 50 persons have
agreed to take up 100 acres of land
for cultivation and also to establish
a village by building 50 houses in
a place to be allotted therefor. The

extent

extent of the land is 32 acres and
16 perches and a portion of the same
namely 27 acres and 6 perches has
already been subdivided and split
up into 3 parcels of smaller extent
and value. I have called upon
the Auditor to furnish certain
details and on receipt of which I
shall submit a further report in
the matter.

3 _____ From personal enquiries made
I understand that Petitioners Gardner
Estate applied for the 27 acres with
a view to subdivide the same among
other buyers as I have already reported
in my Number 6/3 dated 23rd February
1899. Petitioner Gardner Estate has

now

£ 4

was settled for only 20 acres of land
like cases who have now come
forward directly to take up similar
extents of land and also to build
houses and that therefore there
seems no necessity to grant 20 acres
of land to Sanchar Sevaks until
the concession applied for by them.

Sir,

With reference to your No 4061/Pet: 701 29/
17th November 1900, calling for the further particulars promised in this office No 2385 of 17th Oct: 1900
Submitting to Government a second report on
the petition of Gundasigowda of Byadarahalli
in the Channarayapatna Taluk, in respect
of the question of grant of 200 acres of dry
lands out of the Addalgere Amrat Mahal
Kaval, I have the honor to state that Survey
Nos 23 and 24 cross marked with red ink
in the Map herein found in the file of record
herewith submitted, are considered to be well
suited for the purposes of building houses
from the point of Sanitation and the convenience
of water Supply.

62

2 — 62 persons have agreed to build houses within Six months in default of which they have agreed to restore the land to Govt. Mr. K. Chandy General Assistant Commissioner who inspected the Kaval in question and before whom the above Statement was made, States that all these applicants, 62 in number, cannot be considered bonafide in as much as Some of them though not inconvenienced for a house site seem to have applied for a house site in these Survey nos thinking that the Survey nos marked with an arrow head in the map very much suited for garden cultivation may be granted to those who originally applied as mentioned in my letter of no $\frac{233}{S}$ dt. 7th Oct 1900 in the matter. It cannot however be positively now ascertained how many of the 62 applicants would build houses and how many not.

3 — For the purpose of a house and for a kittal that may be attached thereto, — 70 ft by 100 ft may be granted to each individual and a road from east to west may be opened in the Middle of the village. Survey nos 6 to 1 to the east of the Kaval may be allowed for the purpose of Gomal. In regard to the extent of land to be granted gratis

grat is to each individual who builds a house I beg to state, that it can only be ascertained later on on settling the number of houses which may be built and the number of cattle that they may have.

4 ——— As regards Gaudrai Gowda's prayer, I have already submitted my opinion that it would not be advisable to grant 200 acres to him nor could he be granted 20 acres as subsequently applied for by him. He with others will be granted as much as for an individual to be allotted hereafter.

I have the honor to be
